

Rescue Ready RetroFit Escape Ladder

MODEL: RetroFit

WARNING

FAILURE TO READ AND FOLLOW THESE INSTRUCTIONS COULD RESULT IN SERIOUS INJURY OR DEATH.

This Rescue Ready RetroFit Ladder is an essential emergency tool. Familiarize yourself with its operation and ensure it is ready for immediate use in an emergency. It is designed to be a reliable, permanently installed escape ladder below the window for quick access.

1. PRODUCT FAMILIARIZATION

Ensure that you and your family know how to use the ladder. This ladder is pre-rigged and securely anchored to the home's structural components, making it reliable during emergencies. Practice removing the cover and ladder without deploying it to become comfortable with its usage. RetroFit is a one-time-use ladder only. DO NOT climb the ladder unless used in an emergency.

2. PRODUCT STANDARDS AND CAPACITY

The ladder meets and exceeds ASTM Standard F2175 and supports up to 750 pounds. It is built with durable 5052 aluminum and polyester webbing, which have high abrasion resistance, low absorption, a working load strength of 1200 lbs, and a melting point of 500°F.

3. COMPATIBILITY AND USE

- **Window Openings:** It is suitable for window openings between 22" and 44" and can be adapted for windows with offset openings, like slider windows. Additional trim work may be needed for double windows.
- **Adjustable Length:** The ladder's length and first-rung height are adjustable to fit most window heights. Custom sizes are available upon request.

4. ANTI-SLIP SAFETY

Equipped with anti-slip rungs and engineered standoffs for stable footing, providing space for hands and feet, which ensures safer descent.

5. DECORATIVE DESIGN

- **Aesthetic Design:** The optional handcrafted wood cover, available in sizes from 36" to 52", blends with home decor. The covers are made from cabinet-grade plywood and can be painted to match the room.
- **Easy Installation:** Installation is simple and includes all necessary hardware. If you can mount a flat-screen TV, you can install this ladder. Installation instructions are available in both written and video formats.

CONDITIONS FOR USE OF THIS LADDER

- **Window Requirements:** The ladder is intended for use on windows with openings between 22" - 44" and minimum escape dimensions as specified in the product manual. Ensure the window structure can support the ladder and offers unobstructed egress.
- **Storage and Readiness:** Store the ladder in a designated position directly below the escape window. Avoid storing in direct sunlight or elevated temperatures.

PLANNING FOR EMERGENCY ESCAPE

Establish an escape plan and practice it regularly with your family. Choose a gathering point outside the home and ensure everyone knows emergency protocols, including calling 911.

FIVE-YEAR LIMITED WARRANTY

Rescue Ready warrants this ladder for five years from the date of purchase, covering any defects in material or workmanship. This warranty excludes damages from misuse, accidental damage, or unauthorized modifications. It applies only to the original purchaser and is limited to repair or replacement at Rescue Ready's discretion.

Disclaimer: This warranty does not cover indirect, consequential, or incidental damages. Some jurisdictions do not allow limitations on implied warranties, so these exclusions may not apply to you.
